### Arizona Tuition Connection

Scholarships are available to families of all income levels. The only requirement to receive tax credit funding is that your child is enrolled in an Arizona Private K-12 school.

Funding for scholarships comes from the tax credit donations of individuals and corporations. Your participation in having your social contacts donate is a great way to increase the funds available for your family's scholarship awards.

Create a profile to apply for the 2022-2023 school year. Once you create your profile, you can start your application, save and finish later, or save and submit. You will also have the ability to attach required documentation and complete individual application for siblings.

You can register online in the Parent Portal account and complete our three-part application to have your student considered for awards. Do not forget to submit one application for each child you are seeking to have considered.

**As a school we ask that all families apply for scholarship assistance, even if you think you may not qualify.**
